**Senate Still Kicking.**

Ottawa, Feb. 3.—In the Senate today, Senator Bawley gave notice of a motion "on the appointment of a joint committee to devise a plan for the better distribution of legislative business in the Senate and House of Commons."

A second reading was given to a number of bills and the Upper House having nothing to do, adjourned.

A great deal of interesting information is being gathered by the literary committee regarding the advantages which now are possessed by Strathcona and this will be sent forth later. The committee has already early date, a splendid collection of photographs have been secured and will form a part of the stippling.

nothing to do, adjourned. | will form a part of the shipment.

## DEACONS TAKE FIRMER GRASP ON LEAGUE LEAD

DEFEATED Y.M.C.A. IN HARD GAME—LOOKED SAFE AT HALF TIME, BUT Y. BACKED UP IN SECOND HALF TIME SCORE 9-6

**Who Scored.**  
First Half.  
1st—McGannon, Deacons.  
2nd—Burns, Y.M.C.A.  
3rd—Dea, Deacons.  
4th—Dea, Deacons.  
5th—Dea, Deacons.  
6th—Gordon, Deacons.  
7th—Chown, Deacons.  
8th—Barford, Deacons.  
Second Half.  
9th—Wait, Y.M.C.A.  
10th—Hill, Y.M.C.A.  
11th—Wait, Y.M.C.A.  
12th—Douglas, Y.M.C.A.  
13th—McGannon, Deacons.  
14th—McGannon, Deacons.  
15th—Barford, Deacons.

It was a hard game that the Deacons won from the Y.M.C.A. last night. The score was nine to six but the Deacons had to go the limit to make it. They had the better of the play in the first half, but in the second portion of the game the Y. boys backed up and showed four through the net in succession. Then the Deacons came in again and put three in the other half. The second half of the game was one of the fastest games seen on Edmonton ice this winter. The Y. played the play most of the time. The first half was rather disappointing, neither team going for the goal. The play was also somewhat slow during that period.

**Looked Bad.**  
At one time in the second half it looked very much as though the Y.M.C.A. boys might pull out a victory. The score was six all. When the championship was in such danger the Deacons came to life and struck three through without a stop. All-ative score of the play was a good game.

**Off the Ice.**  
The Deacons lost a lot by not being on the ice. In the second half there were only four men on the ice at one time and the Y. made two tallies during that time. At other times there were two off. The first half was clean but after that time the Deacons got so fast that the boys forced them to use and adopted tactics that are scarcely creditable.

**Championship Clinched.**  
By winning last night the Deacons secured a corner on championships around Edmonton. They have not had a chance for their title but one more game to play with the Bankers. The Deacons are doubtful whether it will ever be played. It is the only team that is a serious contender for the league pennant and the Deacons have secured a safe lead over them.

**Attendance.**  
The attendance was small by the end of the second half, there being only about a hundred present. It is to be very much regretted that the sport loving public does not appreciate the good games the amateur teams are putting up. The attendance at nearly all the league games has been disappointing to the management as well as disappointing to the players. The Edmonton sporting public has an idea that the only kind of sport that is worth seeing is professional games. In that they are very much mistaken.

**Played Well.**  
At times the Deacons played a good game but at the start of the second half they appeared to be too confident and thereby failed to play as good as they could be seen to have played. The Y.M.C.A. sport, on the contrary, after the first ten minutes, were in the game all the time, never letting up for an instant, playing the game all the time and holding to the Deacons like glue.

**The Stars.**  
For the Y. Burns, Douglas and Wright were the stars of the evening. Wait played a good game, but seemed to lack initiative. Jimmie Hill did not play as good a game as usual. He failed to make any offensive end and apparently was not in his form. Chown is extremely slow on his feet. Lines might be a good player if he would cut out the rough stuff.

thing, better.  
Gordon Barford made the next and last score.  
The teams lined up as follows:  
**Deacons**.....goal.....Y.M.C.A.  
Wright.....point.....Lines  
Campbell.....cover.....Watt  
McGannon.....rover.....Douglas  
Dea.....left wing.....Chown  
Barford.....right wing.....Chown  
Referee.....Winnchester.  
Judge of play—Winnchester.

## CALGARY A. C. WILL REFORM

Are Going to Ship Strathcona Men Back Home—Will Play Straight Game

The Calgary Athletics have realized the error of their ways and are going to reform. At least they say they are. The Strathcona men are going to be sent back to their home town, and the A. C. will not use them in a provincial league game. Responsible for their signing with the Strathcona has stated that he was not let club.

The Athletics are going to ship to Strathcona men back what is going to happen to the new fat jobs they had down there. If they have positions down there then they will stay there and there is no reason why they should not play with the Athletics that is there is no reason in the constitution of the league to not blame the club much more than the men or the constitution of the league. They are all equally to blame, or course for Gibson being president of the league and manager of the team using the fingers is the finger in that as president of the league he should do everything in his power to promote the interests of the league before he looks to his own team. If he claims he did not know the men were on his team until several days after they had joined he should have taken immediate steps to have them removed.

And now they are coming back to Strathcona and the Strathcona team is disbanded. Whether the Athletics play the men or not they have done the league great injury by persuading them to leave the league in that as president of the league he should do everything in his power to promote the interests of the league before he looks to his own team. If he claims he did not know the men were on his team until several days after they had joined he should have taken immediate steps to have them removed.

**NEW RECORD MADE AT Y.M.C.A. MEET**  
Ryar Does 50-Yard Dash on Sauer Track in six and one-fifth Seconds

The events run off in the Y.M.C.A. indoor competition yesterday afternoon provided a new record for the fifty yard dash. Ayr did it in 6 1/5 seconds on the Sauer track. The best time made previously at this track was 6 2/5 which was equalled by Miller who had second in yesterday's contest. The Sauer track was made in the difficult for first place and two for third. The following are the results:  
50 yd dash—1st Ayr 6 1/5 sec. 2nd H. (record), 2nd J. Miller 6 2/5 sec. 2nd H.

Wm. E. Blaine with the Summers Stock Co. at The Empire Theatre tonight in "The New Dominion"

## NEW RECORD MADE AT Y.M.C.A. MEET

Ryar Does 50-Yard Dash on Sauer Track in six and one-fifth Seconds

The events run off in the Y.M.C.A. indoor competition yesterday afternoon provided a new record for the fifty yard dash. Ayr did it in 6 1/5 seconds on the Sauer track. The best time made previously at this track was 6 2/5 which was equalled by Miller who had second in yesterday's contest. The Sauer track was made in the difficult for first place and two for third. The following are the results:  
50 yd dash—1st Ayr 6 1/5 sec. 2nd H. (record), 2nd J. Miller 6 2/5 sec. 2nd H.

Seely 6 4/5 sec.  
Gosior and Moore tied, 5 ft. 4 in.; 2nd H. France vault—1st Miller 6 ft. 5 1/2 in.; 2nd events were closely contested.  
High jump—1st Gosior, Ayr, McDermitt, tied 4 ft. 8 in.; 2nd Moore, 4 ft. 4 in.; 2nd E. Moore and Miller tied, 4 ft. 4 in.

Precious little time was spent at the recent American Association annual meeting, so it appears in discussion of umpires, past, present and future. Club members seemed to content to leave the judicial department entirely to President Chivington. As far as can be learned, Chivington wasn't instructed as to the size of the staff and certainly not as to its personnel. There was no discussion of abandonment of the double system which was put into effect for the first time in the A. A.

Orange Ballet Girls in "A Stubborn Cinderella" at the Empire Theatre, February 9, 10, 11.

Minneapolis club and Gilt was the man named. McAlister, however, changed his mind after looking Gilt up and selected Tom Hughes instead. This transaction, however, has not been made entirely clear to Cantillon and he will take it up with McAlister at once. "If Mac thinks he can use Gilt he will have no trouble making arrangements for him with us. I am perfectly willing to turn him over. He help to the Nationals.

last year. If it is true that league executives ran a higher last season than in any previous one, employment of a full set of old bosses had a great deal to do with it. If the only way a warranted time will tell. A clomping down of the staff will be about the first evidence. Some of the umpires of last season did not do the doubling up at all times. There was because one or two of the officials were looked upon as inferior by their more competent co-workers. It may be the aim of President Chivington to get a better balanced staff. He has a handle of applications.

## BOYS SWIMMING RACES ARE CLOSE

Employed Boys Make Many Splashes in the Y.M.C.A. Track Yesterday

The time for the boys swimming races was rather slow. However, the competition was keen and the sport ran high. The results are as follows:  
Intermediate Competition.  
One length on back, return breast stroke, 1st J. Harvey, 22 3/5 sec.; 2nd Frier 24 sec.  
One length on back, return breast stroke, 1st Frier, 28 ft.; 2nd Harvey, 27 ft.; 3rd Bowdus, 21 ft.  
Junior Competition.  
One length on back, return breast stroke—1st Brazil, 22 2/5 sec.; 2nd Simonson, 22 3/5 sec.; 3rd, McMillan, 22 sec.  
Same for distance—1st, Simonson, 21 ft.; 2nd Turkey, 21 ft.; 3rd Brazil and McGee, tied, 22 ft.

### ZELAYA DENIES RUMORS OF RETURN

Says He is Not Homesick and Will Remain in Brussels.

New Orleans, Feb. 2.—In a letter received here from former President Zelaya of Nicaragua, dated at Brussels, on Jan. 11, the deposed dictator denies statements accredited to him, Alphonse, in which Zelaya is described as being homesick, broken-hearted and desirous of regaining the friendship of the United States people.

Zelaya brands his son as a "flibby and a carrier of tales" and declares: "I suppose they pay him to make him sign the declarations published with malice. They want to make me appear as approving all the atrocious deeds committed by Tafi in Nicaragua."

### ANOTHER SIMILE

"Who did the sun look like to you when you were in the arctic regions?" "Well," said the explorer thoughtfully, "it resembles an elusive good dollar much magnified."—Washington Star.

### IT DEPENDS

Teacher.—Johnny, which is right—"a man is easy" or "a man lies easily?" Pupil.—Who's the man?"—Cleveland Leader.

### SMOKE DETECTOR

A Scotchman, John Lowden, has invented a "smoke detector," which, it is thought, may be of use in prosecuting cases of "smoke nuisance." It consists of a tube with a single eye-piece and two optical openings. One of these is clear, but the other contains a revolving diaphragm, in which are set five circles, one of clear glass

and the other four of tinted glasses corresponding with standard tints of a scientific "smoke chart." In examining smoke defiled air the diaphragm is turned until the tinted glass coincides in darkness with the air seen through the clear aperture. The various glasses are systematically numbered, so that a glance suffices to show the degree of defilement of the air.

"Say, boss, I worked off some of that cold storage butter to-day," said the new clerk, with the air of one who expected a compliment.

"Indeed, well, that's good. Who drew the prize?" said the pleased grocer, for it was getting to be a difficult thing to do.

"Why, I sent it to Mrs. Hach, around on Bond Street."

"Oh, thundering guns!" exclaimed the grocer, his tone changed and his face drawn in a pucker. "Why, you blamed idiot, I board at that woman's house."

### FAVOR COMMISSION FORM OF GOVERNMENT

Rochester, N.Y., Feb. 3.—A state convention to arrange plans for an organized campaign in support of the commission plan of municipal government met in this city today for a two days' session. It is stated that more than fifty of the leading cities and towns of New York are now agitating the adoption of the commission plan.

### GOVERNOR HARMON 65.

Columbus, O., Feb. 3.—Every corner of the country was represented among the congratulatory messages which piled high on the desk of Governor Judson Harmon today to mark the anniversary of his sixtieth birthday. Many of the senders took occasion to express favorable sentiments in regard to the Harmon boom and the Democratic presidential nomination next year.

### GRIDIRON RULES

New York, Feb. 3.—The members of the Intercollegiate Football Rules Committee assembled in this city today for their annual meeting. It is not believed any important changes in the present code are contemplated, and so the committee expects to get through its work by tomorrow afternoon. Changes with a view to simplifying the forward pass, and the adding of continuing the four-year plan are about the only matters up for discussion.

### SNOWSHOE RACES

Montreal, Que., Feb. 3.—Much interest is manifested in the world's championship snowshoe races to be pulled off at Maisonneuve, tomorrow under the auspices of the Canadian Snow Shoe Union. The races, as follows: 20 yards, 20 yards, quarter-mile, half-mile, three miles, and 12-yard hurdle race.

### NATIONAL CORN DAY

Columbus, O., Feb. 3.—This "National Corn Day" on the calendar of the National Corn Exposition and it was made notable by an attractive programme of exercises. Speakers from all the leading corn-growing states were heard this afternoon, while at the great corn banquet closing the celebration to-night the speakers include Secretary of Agriculture Wilson, Senator Clapp of Minnesota, Senator Burton of Ohio and other men of national reputation.

### MICHIGAN GRADS TO DINE IN GOTHAM

New York, Feb. 3.—Justice William R. Day of the Supreme Court of the United States is to be the guest of honor at the great banquet to be given at the Hotel Astor to-morrow night by alumni of the University of Michigan. Included among the other guests will be nearly thirty members of Congress who are graduates of the Michigan institution.

### SAFETY DEVICES FOR ALL HAT PINS

New York, Feb. 3.—Woman has at last awakened to the dangers of the deadly hatpin. At any rate she has manifested a disposition to accept a less dangerous substitute, providing it answers her purpose equally well and—most important of all—does not mar the beauty of her headgear. As a result of the public agitation which has been going on for some time the City Federation of Women's Clubs made special provision for an exhibition of safety hatpin devices at its annual convention held to-day at the Hotel Astor. Several ingenious inventions were shown, ranging from tips of various kinds to be placed on the ordinary hatpins to complicated devices resembling wire cages. All were examined with critical interest by the club women present. And judging from their comments the present style of hatpins of a sort or more in length is not likely to be abolished very soon.

### NEW GARAGE.

Judging from the amount of money being spent in property and buildings the automobile business in this city is in a flourishing condition. The latest addition to this industry is a new garage erected by the Scott Motor Ltd., 548 Fourth St., who are agents for Mitchell, E.M.F. and Planter cars.

### WEATHER REPORT FOR MONTH OF JANUARY

Records kept at the local meteorological office show that there has been a wide range in the temperatures during the month. The highest mean temperature, 42 degrees above zero, was on January 3. The lowest was on January 13, when the mercury dropped to 22 below. Mean temperature for the month was 7.19 below zero. There were 66.3 hours of right sunshine in the 31 days and the precipitation totaled 1.18 inches.

### TEES ASHORE IN BARKLEY SOUND

Canadian Pacific Freighters Grounded Last Night at Gowlan Island.

Vancouver, Feb. 2.—Wireless reports to The World from Point Grey last night reported that the Canadian Pacific steamer Tees had gone ashore at Gowlan Island, Barkley Sound at 8.45 p.m. The steamer abated and was smooth and the vessel was in no immediate danger. The United States life-saving tug Snomomish went to the stranded steamer's assistance and remained alongside.

The Tees is a small freighter with passenger accommodation and is operated by the C.P.R. on the West Coast by the camp west of Vancouver. It is a lumber and grain freighter. At the time the Tees went ashore no passengers were aboard the steamer.

## Her Face and Body Were Littered Covered With "BOILS."

### Burdock Blood Bitters Cured Them.

Mrs. John H. King, Johnston, N.B., writes:—"Last summer I was very much troubled with boils, and my face and body were literally covered with them. A friend advised me to take Burdock Blood Bitters. I got three bottles, and before I had taken all the first one my boils began to go away. I had taken a few doses out of the last one when they all disappeared. My husband has also used Burdock Blood Bitters with much benefit."

Boils in themselves are not a danger, no trouble, but still, at the same time, are very painful. They are caused entirely by bad blood, and to get rid of them it is necessary to put the blood in good condition, and for this purpose there is nothing to equal that old and tried remedy, Burdock Blood Bitters. Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

"Does your husband smoke incessantly?" "Worse than that; he smokes in the parlor."—Baltimore American.

Friend—And were you ever in Venice? Mr. Richquist—Yes. Slowest town I was ever in. The sewers were bustled all the time we were there!—Puck.

### STREET RAILWAY SUPERINTENDENT

The City of Edmonton, Alberta, wants a man of ability and experience in street railway operation, to fill the position of Street Railway Superintendent. System in operation, about 15 miles, and being increased to operate 20 cars this year. Applicants must show that they possess thorough knowledge of the street railway with references, stating when services are available and salary.

### CHIEF ENGINEER OF POWER PLANT

The City of Edmonton, Alberta, wants an experienced man to fill the position of Chief Engineer of Power Plant. Present capacity of about 1,000 H.P. including electric light, street railway, and water pumping machinery. Salary \$1,000 per month plus cost of living. Applicants must show experience and ability, particularly in economy in plant operation. Address, stating when services are available and salary.

### NOTICE, FOR SALE BY PUBLIC AUCTION

## SUBSCRIPTION RATES:

Daily, delivered by carrier in city . . . . . \$4.00  
By mail to outside points, by year . . . . . 3.00

Note the fact that the land office returns in Edmonton for the month of January, 1911, are \$37,000, an increase of 250 per cent. over those of January, 1910.

**A NEW ELEMENT OF BUSINESS FOR EDMONTON** The circumstance is worth considering. An analysis of the returns shows that the amount of land taken up for homestead is not greater this year than last. There are

practically no pre-emptions in this part of the country. The difference is made up from receipts for coal land and timber land leases. The law governing these lands requires that the holder of a lease use the resources placed in his hands, or get off. The amount of money paid into the land office therefore, is an indication of the activity which may be expected in coal mining and lumbering during the season which is just about to open.

Edmonton, which has probably the most magnificent agricultural resources of any city of the plains, is not dependent on agriculture alone for greatness. The geographical situation of this city makes it the logical hub and centre for the great coal fields at the base of the Rocky Mountains, and for the timber resources of the north and western part of the province. This trade belongs to Edmonton and cannot be taken away. When development is undertaken on a scale commensurate with the extent of the resources, this city is due to become one of the busiest places on the continent.

The land office returns for the month of January are an indication that the day of extensive development is upon us. The ensuing twelvemonth will see a new element of business introduced in Edmonton—a mining and lumbering business which means employment for thousands of men and rich returns for the mercantile interests of the city.

A feature of the tariff arrangement with the United States which has not heretofore attracted much attention is the fact that the possibility of a wheat corner in United States will be practically abolished by the free entry of Canadian wheat.

**NEW DEAL MAKES WHEAT CORNER AN IMPOSSIBILITY** The wheat gamblers on the Chicago market who have heretofore cornered

the supply of the western states have had a comparatively simple, although rather large, task. Their problem was to figure the amount of wheat needed for immediate local consumption, and the amount chartered for export, and subtract the two totals from the visible supply. Any time the figures came so close as to make it possible for a single fortune to carry the amount on margin there came forward a Leiter, an Armour, a Cudahy, a Partridge or a Patton, who was willing to take the chance.

The danger which presented itself to the wheat cornerer was that the sellers in the market would deliver the actual wheat. That what has happened to Leiter, and they broke his corner. Patton was ready to accept all the wheat, because the foreign market never got far enough out of line to permit him, if necessary, to ship the actual wheat to Europe, and pay the loss out of the surplus of his winnings on the Chicago exchange.

Heretofore this danger has been limited by the American boundary line, with its 25 per cent. tariff. No one could corner wheat in Liverpool, because the market is open to the world, and no fortune was ever great enough to purchase at one time the universal visible supply. The Chicago gambler will now be in almost the same position as the Liverpool dealer. When he comes to estimate the visible supply he will have to take into account another hundred million bushels from the Canadian northwest, almost every bushel of which could be thrown at him on the Chicago exchange, and the whole amount of which in order to hold his corner, he would have to take up at the market price which he himself had made by his manipulations.

The task is too large for any speculative interest in United States, or any other country.

Attention is called to the fact that James A. Farrell, who has replaced William E. Corey, as the head of the United States Steel Corporation, began as a laborer in a

**THE "SELF MADE" NOT SCHOLASTIC NOR ACADEMIC** wire mill when he was 16 years old. Nearly all the men who have occupied high positions in the Steel Company or the Standard Oil Company began as

poor boys with a limited public school education. Corey, the late president of the Steel Trust, entered the chemical laboratory of the Edgar Thompson steel works at the age of 16. Schwab started in as a stake driver with the same company. Most of the directors had only a common school education. Phipps was an office boy, Ream a farm boy, Frick a clerk for a flour merchant, Perkins an insurance clerk, and Widener left the high school to learn the meat business. Last, but not least Andrew Carnegie began life in the United States without a dollar.

What does all this prove? Simply this, that book learning is not essential to the making of money, and that the monetary prizes of life are not to be found in the professions. The fact remains, however, that the making of money of itself is a poor ideal for one's life, and that education will enable a man to occupy many positions of power and affluence from which the lack of it would exclude him. If it be true that an uneducated man, plus opportunity, can make good in the ranks of Capital, an uneducated man, plus opportunity, has not much chance in the ranks of Labor.

The people of Great Britain saved one billion, seven hundred and four million, five hundred thousand dollars in 1910. The greater part of this money went to the North

**SOME FIGURES FOR PROTECTION PROPAGANDA** American continent—Canada and United States—to add to the five billion which John Bull has out on loan on this side of the water. There is no copyright on this

statement. Protectionists are entirely welcome to use the figures in order to prove that free trade and the Lloyd George budget is ruining Great Britain and driving the Britishers into the desperate position which will compel them to adopt the same kind of protective

# Opportunity Knocks But Once

IN some countries. In this part of the world it keeps continually hammering, and if you fail to arise it will pull you out of bed, thrust a ready-made chance into your hand and compel you to take advantage or count yourself among the dead ones.

## Alberta Park is a Genuine Opportunity

LEAVE it to yourself. Do you know any other property situated so close to a thriving city like Edmonton which can be bought for \$250 an acre or on such easy terms? Do you know any property that is more certain to advance in price with the growth of the city? Do you know of any place where you can make a smaller investment with greater certainty of a handsome profit?

## You Take Absolutely No Chance In This

IN BUYING one of these Five-acre Blocks at \$250 an acre, one quarter cash and the balance in six, twelve and eighteen months, you take absolutely no chance of failure. The property already is worth every cent that is being asked for it. You could not lose if Edmonton never grew another thousand and you could not fail to make a profit unless the whole country stops growing.

## Procrastination Is The Only Risk To You

THE only way you can fail to make money on Alberta Park Acreage is to delay until the blocks are all sold. They are going very rapidly and the opportunity which presents itself now will not be open long. Come and learn more about this.

and a request for information as to the experience of Edmonton in this particular has been received from Geo. H. Cook, a municipal ownership man of the Washington metropolis.

To this Commissioner Baillon has replied that the statistics of the Edmonton system could be of no use to one who is not familiar with local conditions.

Information as to the street railway system has also been requested by the "Electrical News."

A total of \$200 was imposed in fines at Calgary by the provincial license department in actions brought against nine keepers of houses of ill fame in that city. One of the keepers was fined \$250 and costs.

In similar actions this week, in Medicine Hat, The provincial license department is conducting an active cam-

paign against these places for selling liquor without a license. Heavy fines are being imposed.

## POLICE COURT.

Julia Woods, alias Chamberlain, alias Burrow, pleaded guilty in the police court this morning to being an inmate of a disorderly house. She was fined \$20 and the cost of court.

Mable Murray, who was brought up on a similar charge, pleaded not guilty, and was remanded until February 6.

F. J. Houston, the owner of Houston Hall, where the women are alleged to have lived as disorderly characters, ill-fame. He pleaded not guilty, and the case was adjourned until Monday morning at 10 o'clock.

At 2.30 this afternoon Miles McPhee will be charged with refusing to pay wages by J. McCallum.

MONDAY, JANUARY 30, 1911

BEGINNING ON

February the shortest month, but

and an opportunity as you may con-

vince yourself when you visit our store.

Our store and bonded warehouses

are overflowing with stock. This stock

must be reduced, to accomplish this

purpose, prices must be reduced also,

and this is what we are going to do

during the month of February.

We would not impose on you the

burden of reading a price list covering

pages. We know you would not do it.

Give us a call for what you want and

we are satisfied that when you see our

prices you may buy something you

don't want.

Every article will be marked in plain

figures.

Cash will have to accompany each

order (except to our regular customers

on a monthly account).

There will be prompt delivery, the

best quality goods and are usually

given our patrons, and satisfaction

in every instance possible.

Our "Red Tag" will be on the bot-

tom of Monday, January 30th.

## STORM AT PORT ARTHUR

Raging Blizzard Swept the City—  
Sixteen Inches of Snow Fell.

Port Arthur, Feb. 3.—The storm that raged last night starting in the afternoon and abating this afternoon is declared to be the worst here in twenty years; snow piled high in all the streets, blocking traffic everywhere, some places being three feet deep, while about sixteen inches fell on the level. That is more than fell all last winter. Street cars were compelled to suspend service early last evening.

## BLIZZARD IN OTTAWA

Street Railway System Held Up and Schedules on all Transportation Lines Demolished

Ottawa, Feb. 3.—The blizzard which has been howling in the west struck Ottawa at two o'clock this morning and by eight o'clock the street-car traffic was held up, worse than it has been for years. The incoming morning train from Toronto is stalled in drifts seventeen miles from the city. Other trains are in similar plight and few trains are leaving the capital.

## RIOTING IN PORTUGAL

Catholic Club Rooms Broken Into and Valuable Papers Are Destroyed

Coimbra, Portugal, Feb. 3.—Subsequent to the celebration in commemoration of the anniversary of the assassination of King Carlos a band of two hundred rioters broke into the Catholic and Monarchical club rooms and destroyed the furniture and burned papers and books.

## THE DOCTOR'S QUESTION

## MUCH SICKNESS DUE TO BOWEL DISORDERS

A doctor's first question when consulted by a patient is, "Are your bowels regular?" He knows that 98 per cent of illness is attended with inactive bowels and torpid liver, and that this condition must be removed gently and thoroughly before health can be restored.

Recall Orderlies are a positive, pleasant and safe remedy for constipation and bowel disorders in general. We are so certain of their great curative value that we promise to return the purchaser's money in every case when they fail to produce entire satisfaction.

Recall Orderlies are eaten like candy, they act quickly, and have a soothing, strengthening, healing influence on the entire intestinal tract. They do not purge, gripe, cause nausea, flatulence, excessive looseness, diarrhoea or other annoying effect. They are especially good for children, weak persons or old folks. Two sizes 25c. and 10c. Sold only at our store—The Recall Store, A. Archibald.

At a conference a young minister said to Henry Ward Beecher:

"Mr. Beecher, my congregation has declined me to ask this question of you. We have in our congregation one of the purest and most lovable men you ever saw. He is upright, honest, generous, the heartiest supporter of the church we have—the friend of the poor, the beloved of the little children—a veritable saint—but he does not believe in some of the generally accepted dogmas. Now, where do you think he will go after death?"

Mr. Beecher was equal to the occasion. Hesitating a moment, he said: "I never dare say where any man will go after death, but wherever this man goes he certainly has my best wishes!"

A Reporter was sent around to make some inquiries concerning a new play. David Belasco was engaged in writing.

"Yes," said David, "I'm writing a play. What do you want to know about it?"

"Anything you can tell me will be interesting," was the reply.

"Well," was Belasco's response. "It is to have four acts and three intermissions—and I've just finished the intermissions."

A distinguished society leader of New York, lately returned from a motor trip through France, said that her most delightful experience was hearing the French peasants singing the "Marseillaise."

## HAD KIDNEY TROUBLE.

COULD NOT CROSS THE FLOOR  
PAIN WAS SO GREAT.

Miss Hazel Hess, Winchester Springs, Ont., writes: "I was troubled with my kidneys for five years. They were so bad, at times, I could not cross the floor for the pain. The doctor could not do me any good and a friend advised me to use Doan's Kidney Pills. I bought six boxes and now I have been cured for over four years. I will recommend them to every sufferer."

No woman can be strong and healthy unless the kidneys are well. When the kidneys are ill, the whole body is ill for the poisons which the kidneys ought to filter out of the blood are left in the system. Then how important it must be to see to it that this system of sewerage be not clogged up.

Doan's Kidney Pills are a purely vegetable medicine, realizing quick, permanent relief, without any after ill effects. A medicine that will absolutely cure backache and all forms of kidney and bladder trouble.

Doan's Kidney Pills are 50c. per box or 3 for \$1.25, at all dealers, or direct on receipt of price by The T. M. M. Co., Limited, Toronto, Ont.

If ordering direct specify "Doan's."

**LAWMAKERS WITHOUT LAW**  
The British House of Commons is perhaps the most rigidly governed body of legislators in the world. Indeed, it is said that few members ever master the rules of order, and even the best speakers have committed humorous and embarrassing blunders.

On the other hand, the House of Lords may be said to have rules of procedure except such as would govern gentlemen met together in a drawing room. For although there are customs and regular methods of business, yet there is no authority to enforce rules and to maintain order.

The presiding officer of the House of Lords is the Lord Chancellor, who sits on the woolsack and puts motions, and who also engages in the debates when so minded. But he cannot call one of his fellow peers to order, and he does not even decide who is to speak.

Lafe Pence, who was once a Western congressman, says that at a meeting of President Taft's cabinet a constitutional question arose. Mr. Taft called his secretary and asked for a copy of the United States constitution. The secretary made a search, in vain. An assistant secretary was summoned. He, too, hunted without result.

"Why, there must be a copy somewhere in the White House!" exclaimed the President.

"Certainly," said James Wilson, who had been a cabinet member under three administrations. "I remember consulting it—let me see, when was that?"

Mr. Wilson paused, as if trying to recall the dim past.

"Ah," he continued at last, "I seem to recollect that it was in the days of Mr. McKinley."

Thelma Rev. Horatio Stebbins, of San Francisco, was a man of large mind and noble powers, but more familiar with the world of intellectual and scholarly interests than with trivial and timely things. His household was blessed with a charming daughter who grew up tall and beautiful, commanding the admiration of all who saw her.

One day a visitor said to the good doctor:

"Doctor, your daughter grows more charming day by day. Why, she's a regular Gibson girl."

"Ah, thank you, thank you," replied the doctor in his best manner.

When the visitor had gone, turning to his wife, the doctor asked:

"Who, my dear, might the Gibsons be?"

**Electric Restorer for Men**

Phosphorus restores every nerve in the body, and gives it its proper tone and vitality. Promotes the growth and development of the body, and is a most valuable remedy for all ailments. It is a simple, safe and effective treatment for all the above ailments, without doing the stomach with drugs. Used with success for thirty years, and has never failed. It is a pleasant, refreshing, and restful remedy.

## NEWS OF THE CITY

Commissioner Boulton is on the sick list this morning.

Mrs. Harold Richards will receive on Monday with her sister, Mrs. L. B. Hubbard of Minneapolis.

Mr. Harold Richards, manager of the Northern Crown Bank, is visiting at the home of his father, Mr. J. W. Richards, on Monday.

A meeting of the Edmonton Board of Trade has been called for this evening to elect a chairman of the retail section of the board.

Mrs. E. M. Carpenter, 545 Seventeenth street, will receive on Monday, February 6th, afterwards on the first Monday of each month.

The regular meeting of the board of directors of the Y.M.C.A. will be held in the Home, Third street, on Saturday next, February 4, at 3 p.m. A full attendance is requested.

This morning Mayor Armstrong received an enquiry from Koonke, Virginia, for information relative to the application of the single tax, and the commission system of government as it applies in Edmonton.

Namyo Lodge No. 47, I.O.O.F., is holding a Cinderella dance in the Operatic hall this evening. Dancing will commence at 8:15 and terminate at twelve. Lynch's Orchestra will provide the music.

The funeral of the late George Hutton took place on Wednesday from the family residence on Rice street. Rev. Dr. McQueen conducted the funeral services. The remains were interred in the Edmonton cemetery.

The cantata "Christ and His Soldiers" will be given in Knox Presbyterian church, Strathcona, on Friday night. It will be rendered by 20 voices. The following artists will take part: Miss Candy, soprano; Miss Constance, mezzo; Mr. Hendry, tenor; and Mr. Masters, base.

The commissioners have written the owners of the sites which are to be acquired to realize the purpose in accordance with the industrial sites by-law passed last week, to the effect that payment of the purchase price will be forthcoming as soon as transfers of the property are obtained.

The trial of J. Gabel, who is alleged, committed larceny six months ago by marrying Lena Gertz of Stony Plain, was adjourned for a second trial to the morning of February 10th, when the prisoner will be brought up this afternoon at two o'clock, when, it is expected, all the witnesses will be in readiness.

The annual meeting of the congregation of Westminster Presbyterian church was held on Wednesday evening. The reports submitted showed that the church has a membership of 350. The total amount raised during the year was \$14,071 which included funds for missions and repairs for the church officers for the ensuing year were elected.

A report from the post office department states that a new office has been opened at Angle Lake which will be served weekly by the Londonville. The office at Angle Lake has been closed and Kuperaville will be called Londonville. The new office is at Angle Lake and the service will be increased to twice weekly.

Mr. H. H. Molyneux, general agent of the Providence Washington Insurance company of Providence, Rhode Island, is at the King Edward. This insurance company was incorporated in 1799, and is one of the most substantial institutions of the North American continent. Mr. Molyneux is here for the purpose of complying with all the laws of Alberta and to establish the company in our city.

The Salvation Army will commence a series of special services Sunday evening in the Citadel at 7 o'clock, and will continue them until Sunday, February 10th. Leading ministers of the city will take part, notices of which will be given in the press. Special music and singing will be a special feature of the services. The public is cordially invited to take part. The services will begin at 8 o'clock every evening. Watch for the daily announcements.

In connection with the audit into the freight charges of railway companies for several years, past which is now being conducted by the American Audit company, Commissioner Boulton has written to Superintendent Ormsby for an explanation of a freight bill for four boxes of condiments. The commissioners desire to know what kind of condiments were shipped at this time. He has also written to Superintendent McNaughton for information as to the shipment of a consignment of structural iron, bolts, nuts and rivets, and twenty-four barrels of lubricating oil.

## CONSERVATIVE DEBATE.

Opening of the Mock Parliament held in connection with the Edmonton City Conservative association took place at their club rooms last evening and proved a roaring success. The entertainment was presided over by Hon. L. Governor Patterson who was attended by Major Griesbach, A.D.C. After the House was declared open, Mr. J. R. McIntosh was elected speaker and Mr. J. D. Hyndman introduced a resolution eliminating the city council and vesting their powers in a commission of five members. Addresses in favor of the resolution by Messrs. Hyndman, Morgan, Landry, Clegg and others and in opposition by Messrs. Calderon, McCaul, Hall, and Taylor.

## NEWS FROM THE SISTER CITY

## RATEPAYERS DISCUSS IMPORTANT QUESTIONS

Pass Resolution Asking Council Not to Make Any Further Grants to Board of Trade—Lawyer Considers Donations by City are Illegal

Strathcona, Feb. 3.—For nearly three hours last night a small gathering of the Ratepayers' association, in their regular monthly meeting, talked over a board of trade.

Only about eight of the twenty present took active part in the discussion but in his number there was enough diversity of opinion to shreds besides a wide range of side to cause the question to be threshed out in the meantime.

The question as outlined by President Fuller in his opening remarks was whether it is advisable for the council to make a grant this year to the board of trade as in former years. An effort was made by some of the speakers, clearly in opposition to the present board, to have a motion passed which would recommend to the council that this expected pension should be granted for a year to grant to the board of trade as in former years. An effort was made by some of the speakers, clearly in opposition to the present board, to have a motion passed which would recommend to the council that this expected pension should be granted for a year to grant to the board of trade as in former years.

Other speakers, none members of the board of trade, in opposition to this measure, holding that a board of trade is necessary and should be assisted. The original motion read: "That the association be of the opinion that it is not advisable for a council to make a grant to the board of trade."

After two hours of discussion the following amendment was moved and carried almost unanimously: "That the council do not grant a sum of money to the board of trade until the matter has been looked into by a special committee from this association."

President Fuller in opening said the association should express an opinion as to the advisability of the council making a grant to the board of trade. Hereafter this has been done yearly without the investigation of the ratepayers as to what use is being made of the money.

The Ratepayers' association should not clash with the board of trade, each had a distinct field but at the same time there were matters which should have been taken up by the board that had been left for the association. He wanted to be quite fair to the board and for that purpose had requested President Douglas to be present and narrate how the money has been spent. In public work, but this invitation had not been accepted. President Fuller asked if any other members of the board were present and only one man replied.

Held Grant is Illegal.

Something of a surprise was sprung by Mr. N. D. Mills, barrister, when in answer to a question from Mr. Passmore he gave it as his personal opinion that under the charter provisions of the city such a grant cannot be legally made by council unless submitted to the ratepayers in the form of a by-law. Mr. Mills declared at length with this point but refused to give a legal opinion that a grant by vote of council is not authorized by the charter. He stated that Edmonton has done this under a clause almost identical with that in the Strathcona charter, but there are limitations in the clause in this city's charter which makes the position somewhat different. He invited authorities and spoke at length on the subject, although as he repeatedly reminded the meeting, merely as a taxpayer, and not as a lawyer.

Mr. Skelton rose to defend the board of trade though not a member. He fully appreciated the value of a good board of trade and thought where citizens were too penurious to join this board they should be assisted for the public work accomplished through the general tax. He had always had an admiration for the men who were boosting the city through the board of trade. Mr. Grieson took much the same stand though holding that the proposed expenditure should be submitted to the council for approval before the grant should be forthcoming.

The president said the real question was whether the association favored a grant to the Strathcona board of trade. He personally had a high regard for good boards of trade. But was the local board getting results?

Mr. McIntyre thought the board should not request a grant. He felt that they were asking double the amount they would actually spend in public work. Mr. Mills did not suggest that any money is being squandered by the present board but would vote against a grant from the city.

Mr. Pollard as the sole representative of the board rather hotly demanded how the speakers could expect the board to point out what result followed every expenditure. Mr. Palmer supported him and contended that the board should not be slatted without a chance of making a defence. He thought that when the council authorized a grant there was sufficient representation of the citizens. The chairman replied that the real question was, does the present board get results. Personally he felt that they are not. What is required is men who will get up and take a definite stand in the matter. Mr. Palmer with a show of spirit said he accepted the re-

proof but at the same time was not afraid to state his views before any meeting.

Condemned Crop Reports.

The president and Messrs. Mills, McIntyre and Passmore doubted the accuracy of the publicity work by the present board and held that there is unwarranted exaggeration in some of the literature sent out. Mr. Mills referred particularly to the crop reports of last year. He stated that report as not true of actual conditions in the district. The special committee from the board dashed about visiting and taking estimates only of the best fields. The truth about the country is good enough.

Mr. Bard and Mr. Pollard argued with good effect that the report was not by any means exaggerated. This argument was maintained at length.

Two Resolutions Passed.

Two resolutions which were the outcome of the discussion of the special meeting some days ago were read and passed unanimously. Both were drafted at a meeting of the executive recently. The first one is on sanitary conditions and reads:

"Resolved that this association deeply regrets the recent outbreak of typhoid in the city and therefore urge upon the board of health under direction of the city council, to thoroughly investigate the matter and evolve a practical system of sanitation. And also request that the mayor and council do their utmost with a view of remedying things, that the medical health officer, sanitary inspector and sewerage faithfully fulfill their duties and report weekly to the mayor. And we also request that a system of numbering the outside closets and having the sanitary inspector report number of places inspected. And further that the council pass a by-law requiring all ratepayers owning buildings valued at \$800 or over to be compelled to use water and sewer if on the system and if others are unable to afford it, the city shall put in the service and charge installation to the property."

Investigate Frontage Tax.

The late agitation raised by Ald. Rankin regarding the water frontage tax was taken up by the association and is presented to the council in the following resolution:

"That the council be requested to make an exhaustive investigation into the water rate system and to make public the details and also to let the public know what the total mileage, excluding street crossings of the water mains in the city, is, and what per cent of the property is paying the water frontage tax, also what the total income from the frontage tax for the year 1910 was, also what property is exempt from taxation, if any."

Mr. McIntyre said that he had made the statement that about one fourth of the mileage is now paying all expenses in connection with the system, and that a proper tax should be five cents per lineal foot instead of ten or twenty cents as the case may be.

Messrs. Skelton, Austin and Fuller are a committee appointed to confer with the board of trade and ascertain how the publicity money has been expended.

Annual Conversation.

The efforts of the university students to entertain the social world of the Twin Cities last night may be regarded as a brilliant success. The assembly hall of the collegiate was crowded with a happy throng of those invited and the entertainment provided was all that could be desired. Special commendation is due the students for the able way in which they planned and carried out arrangements. The program was an excellent one the numbers being—

1. orchestral selection; 2. piano solo, Edna Ching and Clara King; 3. vocal solo, Miss Constance Buck; 4. violin solo, Gauder Brooker; 5. reading, Miss Cecil Smith; 6. vocal solo, Miss Buck; 7. piano solo, Margaret McIntyre; 8. recitation.

S. S. Teachers.

Along one hundred teachers from the Methodist Sunday schools of the two cities met for their annual banquet in the hall of the Y.M.C.A. on Thursday last evening and an unusually happy and profitable evening was spent by the church workers. A good program of entertainment was provided by the visiting contingent from Edmonton.
